In this week's Podcast I share a conversation with Andrew S. Gibson, who I spoke with for the first time exactly 10 years ago, and then again 8 years ago, as he released a few of his early eBooks alongside mine when we both wrote for Craft & Vision. A lot has changed since then, but Andrew is pretty much the same, so it was nice to talk again. I messed up, recording the first 20 minutes or so of this conversation with my webcam microphone, following a discussion with my accountant, and like a fool, I forgot to switch back to my Podcasting mic. You'll hear the difference as I switch back, but I hope it doesn't spoil it too much for you. I've not had this conversation transcribed, so the ebook for this post is just to share some photos that Andrew kindly shared with us to illustrate our conversation.
